[ELIS SEIS - Appendix I \(SMMP\) \(07Oct16\).docx](#)
[ELIS SEIS - Appendix I \(SMMP\) \(07Oct16\).pdf](#)

Hi Jeannie,

Yesterday you received two links, the first link was uploaded prematurely and has just been deleted. The second link was the full set of files (all Word and pdf files for main report and Appendices), up to Appendix H.

Appendix I (SMMP) was just uploaded as a separate file share (also included here). I did some format editing, on the cover, line spacing, header, table layout, a few minor typos (did not use track changes for that). The only text change pertains to the surface are of ELDS in two locations (in track-changes). I suggest using this WORD file as you new MASTER for the SMMP. I did not have time to review the text otherwise at this stage.

I will send the updated shell with the tables for the RTC later today. The assembly of the RTC will occur on Monday; I will need staff support for this who has been working on a piece of that.

Please let me know if you have any question.

Thanks,

Bernward

I just replied to your email.

Please include the SMMP in your FSEIS files. You do not need to review it.

Changes were made and highlighted, it is a primary part of the FSEIS. I thought you said that you could get it up to the last minute to include in the FSEIS (when we were shooting for Thursday).

Okay if you did send the RTC table , please disregard this message.

I really wanted to send this out tonight but will have to wait until tomorrow.

Please upload the SMMP. Thanks, Jeannie have a good night and disregard my last message if you have included the SMMP and RTC>

So, you are all set for next week. You will have nothing on this to do (you must be excited!)

We will need you to be available the following week to make any final changes..

Thanks, Jeannie

Hi Bernward,

I am assuming your package will arrive any minute.

If not, please send me an updated schedule and

please send me the RTC updated table so that I can update the comment numbers and add it to the RTC.

thanks
